

CAREER OBJECTIVE

Motivated Computer Science student with hands-on experience in Python, Machine Learning, and Full-Stack Web Development. Skilled in the MERN stack and responsive web design, with a growing interest in data-driven applications. Currently enhancing AI expertise through Oracle University certifications. Passionate about creating innovative solutions in both web development and data science domains.

SKILLS

- Web Development , Responsive Design Implementation, Data Structures & Algorithms
 - Frameworks & Libraries : MERN Stack , Express ,NodeJS , Chartjs
 - AI & Machine Learning : Machine Learning , Generative AI , LLMs
 - Programming Languages: Python, HTML, CSS, JavaScript.
 - Tools used frequently : Git , GitHub ,VS code , PyCharm
 - Languages: English(Fluent), Telugu(Fluent), Hindi (Fluent),Japanese(Beginner)
-

PROFESSIONAL EXPERIENCE

Front End Web Development Intern

Edunet Foundation (in collaboration with AICTE & IBM SkillsBuild)

Remote August 2025 – September 2025

- Learned and applied core front-end technologies including HTML, CSS, and JavaScript to build responsive web interfaces.
 - Designed and developed a personal portfolio website to showcase technical projects and front-end development skills.
-

PROJECTS

Full-Stack Content Platform - OmniHub

- Engineered a full-stack MERN application serving as a community-driven content hub for movies, books, and videos.
- Developed a secure frontend with role-based access control and managed global user state using React's Context
- Integrated data visualization charts to generate dynamic reports on content analytics and review distribution.

Python & DSA - Flight Management System

- Developed a graph-based flight management system to optimize passenger seat allocation using the Push-Relabel maximum flow algorithm.
- Implemented features for real-time passenger reallocation during flight cancellations and dynamic seat adjustments.

Web Application - Restaurant Menu Website

- Designed and developed a responsive restaurant menu website showcasing a full menu with interactive features.
 - Built using semantic HTML, modern CSS styling, and JavaScript.
-

EDUCATION

Amrita Vishwa Vidyapeetham, Coimbatore, Tamil Nadu (BTECH in Computer science and engineering)

~ Expected August 2027

FIITJEE VISAKHAPATNAM , Visakhapatnam , Andhra Pradesh (Intermediate)

~Completed March 2023

CERTIFICATES

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate By Oracle
